

# COMPETENCE ORIENTED OPEN LEARNING FOR DISADVANTAGED LEARNERS

21st-century challenges like digitalisation, migration, climate change and social cohesion are calling for the adoption of **new approaches for learning and development.**

## We need a paradigm change:

- from top-down to bottom-up education;
- from subject- to competence-orientation;
- from teacher- to learner-centred approaches.

The **COOL** project aims to create **open learning spaces for disadvantaged learners** to improve the access to **lifelong** and **civic learning** and to establish a system of more appropriate learning modalities.

Co-funded by the  
Erasmus+ Programme  
of the European Union

Agreement Number: 2021-1-DE02-KA220-ADU-000026681

## OBJECTIVES

- Empower disadvantaged groups to become social innovators
- Create open spaces for learning and development for these target groups
- Create a methodology to facilitate open learning in three modalities (face-to-face encounters, digital space, on the road)
- Train and qualify adult educators to become “Learning and Development Facilitators”

TO ACHIEVE THIS

## WE WILL

- Curate the **COOL** Exhibition
- Develop the **COOL** Facilitation Approach
- Plan and Deliver the **COOL** Training and the CPD programme
- Create the **COOL** Virtual Learning and Development Space
